More a Well-Known Citizen o. Flint Adds His Endorsement.

Success always brings with it enthusiasm, and from all parts of the city enthusiasm, and from all parts of the city enthusiastic people are sounding their praises of the work of the little conqueror. Mr. G. D. Flanders is the well-known grocer, at 521 N. Saginaw Street, and that the statement he makes here is true in every particular, goes without saying. This is what he says:

"For as long as four years I suffered from pains across my back over the kidneys. Was that old backache, sometimes better and sometimes worse. Anyone who has experienced such a pain will understand how distressing it is. I was continually annoyed by its presence. I knew the kidneys were at fault, as there were other signs of kidney disorder. That pain across the kidneys had become very constant. If I accidentally jarred myself, I would feel it much worse for a time. One day I happened to read about a remedy for the kidneys called Doan's Kidney Pills. I determined to try them, so I went to Dullam Bros, drug store and processed abor. I had taken only a feet of the store of the course of the control of the course of the ney Pills. I determined to try them, so I went to Dullam Bros.' drug store and procured a box. I had taken only a few doses when I felt relief from the pain. I continued to use them, taking altogether three boxes, and they have cured me. The backache is entirely removed and I have felt as good aince as I ever did in my life. Doan's Kidney Pills are truly a kidney cure. As long as I have a chance I shall recommend and speak a good word for them, advising others ic a good word for them, advising others

Everywhere you go 'tis just the same as his. No article or medicine has ever caused uch a stir in the world from its extraordiary properties as has Doan's Kidney Pills.
People call them "The little conquerors of idney trouble," "The little specialist," "The little enemies to backache," and many other eh names, and they have good reason to. Doan's Kidney Pills are for sale by all lealers—price 50 cents per box. Mailed by Coster-Milburn Co., Buffalo, N. Y., sole gents for the United States. Remember the ame, Doan's, and take no other.

## MICHIGAN MELANGE.

NEWS OF GENERAL INTEREST TO OUR READERS.

ortant Happenings in the State During the Past Few Davs Reported by Tele-graph - Matter Selected for the Benefit of Our Own People.

Shepherd, Mich., Sept. 27 .- Hearing of testimony was closed in the Struble inquest Friday. The committee appointed to search the Struble premises for the missing books reported that the quest had been unsuccessful. Deputy Sheriff Estee testified that from a test he found no one outside the vault could have fired at Struble and the bullets be found where they were. Eimer Scott, a friend of the dead cashier, said that several days before Struble was shot he was in the bank and saw several packages of currency which he estimated would amount to \$1,000.

A large crowd was present in the afternoon when Prosecuting Attorney Mc-Namara began his summing up. His contention is that Struble, knowing the bank was insolvent and feeling that the depositors who stood to lose would blame him, deliberately planned suicide rather than face the wrath of his friends. As to the missing books, the presecutor said if he were told where Struble was between 10 and 11 o'clock the night before the shooting the disposition made of the books would be plain.

Shepherd, Mich., Sept. 29 .- The coroner's jury in the inquest upon the death of Cashier Struble, who shot himself or was murdered in his bank last month, rendered a verdict Tuesday morning of suicide. The verdict was reached after eighteen hours' delibera-tion. It is a surprise and disappointment to many of the people here and in the surrounding country. The farming people crowded the little village Monday night in anticipation of a verdict or a disagreement. Monday two of the jurors held to the murder theory, but both were won over to the majority be-fore daylight Tuesday.

PINGREE'S VENEZUELA MISSION. His Friends Insist That He Is Working

Solely in Detroif's Interests. Detroit, Sept. 28.-It is believed that the concession that Governor Pingree Ell R. Sutton, and General A. L. Bresler of this city areafter in Venezuela is connected with an important railway scheme. In Michigan Governor Pingree has posed as an enemy of corporations of all sorts, especially railways. Pingree left town ten days ago. Colonel Sutton and his wife left two weeks previous, and General Bresier joined the party at New York and all set sail for Venezuela. The governor's friends did not learn of his whereabouts until a cable announced that the party had reached President Crespo's country. General Bresler served for a time in the Venezuelan army and knows the country and its methods thoroughly and is regarded as the brains of the scheme

the governor and his friends were after. "The business that took them to Venezuela was of a strictly private nature,' are working to obtain a concession of vast importance to Detroit from the Venezuelan government. I do not think it a railroad project at all. It is an enterprise, though, that will greatly bene-fit Detroit and lead to the establishment of a great manufacturing industry. The South American government is opposed to granting concessions to foreigners and if President Crespo and his cabinet got next the scheme it would be exploded. The matter has been under discussion for

Eugene Bresler, a brother of the gener-al, refused to divulge what concession

Mr. Bresler refused to say when the party was expected to return.

They may be gone some weeks." he said. "They will remain until they meet with success or failure. It is a mam-moth affair and there will be mints of money in it for them if it only goes

Pingree's friends here are confident that the concession asked for is a rail-road. Recently the Diamond Match company of this city received the ex-clusive concession to manufacture matches in the South American republic. An enormous quantity of matches are consumed, the entire population being addicted to cigarettes. Perhaps the governor has his eye on an equally important enterprise.

FIRST LAKE WAWA CLAIMS SOLD. Transfer Involves \$10,000 in Michipicoten Gold District,

Sault Ste. Marie, Mich., Sept. 25 .- The first transfer of gold claims in the Michipicoten district has been made. Mr. Caverhill of Montreal has purchased Mr. Dickinson's interest in the Mackey claim for \$10,000.

The steamer Telegram arrived from Michipicoten Friday morning with about eighty passengers. The usual number of men returned without staking numerous claims which they ex-pected to find on the shores of Lake Wawa. Former Mayor Jay Hursley was among the party, accompanied by D. McGregor and Arthur Cracknell. They brought specimens with them, but would not talk. The fact that Hursley returned to Wawa on the Telegram with four others interested with him is conidered significant. One of the syndi cate who is interested with Hursley said they had found and located veins carrying free gold, which will bear out their

strongest expectations.

H. J. Hopkins, a prominent oil dealer of Buffalo, who also came in Friday morning, brought a specimen containing free gold somewhat similar to the Alaska formation of quartz. Mr. Hopkins, who is well pleased with Michipicoten, left for Buffalo, but sent

his explorer back to Wawa on the Telegram to look after the claim.

D. B. Taylor of Cleveland, who has had considerable experience in mining,

"Michipicoten is good enough for The Télegram returned with about forty people. It is advisable for none but practical explorers to go there.

ALMOST LIKE FINDING MONEY.

Two Michigan Men Get Land Worth \$75,-

Menorine, Mich., Sept. 25.—Dr. F. Gregory and C. A. McGinley have filed d for 2,720 acres of land in Luce county in the upper peninsula. The land was on the delinquent tax list and was formerly owned by the Calumet and Hecia Mining company. They filed su action against the mining company a

few days ago to quit the claim, and se-

The tract is worth more than \$75,000 and McGinley and Gregory "got it for a song." It is estimated that over 18,-000,000 feet of pine stands on the land, of which a portion will be logged this winter. This is said to be the largest land deal that has been recorded there in some years.

WOMEN ASSAULTED BY A TRAMP.

Attacks Her with a Stone and Shoots One

Coldwater, Mich., Sept. 27 .- A terrible assault by a tramp upon a woman two miles east of Coldwater Saturday is reported. Mrs. Vern Smith, a farmer's wife, was accosted in the yard of her residence by a man who demanded money. She gave him some money and he turned away, going as far as the gate, but then rushed back and made a murderous attack on Mrs. Smith with a stone. Her screams drew a crowd of neighbors to the scene, but the rufflan made good his escape after shooting Ed-ward Robinson twice with a revolver. Mrs. Smith is not fatally hurt, but

Robinson's recovery is doubtful. A crowd of 200 men awaited the bringing of the miscreant to the Coldwater jail all the afternoon and for a time threats of ment will probably prevail if the tramp is caught. It seems certain that the miscreant must be captured soon by Sheriff Campbell and the posse of determined men who are on his trail. Mrs. Smith sserts that the man did not criminally assault her. One of the shots from the tramp's revolver struck young Robinson just above the heart.

Practically Wiped Out by Fire.

Alma, Mich., Sept. 25.—Riverdale, a village on the Detroit, Grand Rapids Western road, nine miles west of here, was practically wiped out by fire, which started at 11 o'clock Thursday night. All telegraph and telephone wires are down and it is impossible to obtain full particulars as to the amount of damage done. So far as known the losses will aggregate about \$70,000.

Holland, Mich., Sept. 29.—C. E. Siple, ex-postmaster of Hamilton, Allegan county, is missing, and government in spectors, it is said, are reviewing his ac-counts. Mr. Siple left home two weeks ago, saying he was going to the probate office at Ailegan. His wife claims to know nothing of his whereabouts. Siple was a leader in the business affairs of Hamilton. He was removed from office about six weeks ago.

Corn and Tomatoes Injured. Port Huron, Mich., Sept. 24.-There was a very severe frost Wednesday night in Huron, Sanilac, and St. Clair counties and the corn and tomato crops 30 cents to \$1 here. They are very scarce

Michigan Postoffice Robbed.

Omer, Mich., Sept. 25 .- The postoffice was broken into at 2:50 yesterday morning, the tills rifled and the safe blown open and robbed. The safe contained about \$1,000 in money, papers, stamps, etc. People heard the explosion and saw lights, and were on the ground in a very short time, but no tracks could be found The postoffice door was pried open with

Survivors of the Ninth Michigan army corps held their annual reunion at Lans-ing. Major General O. B. Wilcox was the guest of honor.

A large barn on the farm of Richard Gross, near Benton Harbor, Mich., burned, and in the ashes was found a human skeleton, believed to be that of a tramp. About five miles from Bessemer

Mich., what is believed to be a valuable deposit of white mica, has been discovered. e, a small hamlet twelve At White miles east of Manistique, Mich., Victor

Anderson shot and killed his aged mother and himself. The ninth annual convention of the

United States Brewmasters' League is in session at the Hotel Cadillac, Detroit. Michigan's state tax for 1897, as ap-portioned, aggregates \$2,379,907. This is 2.153 mills on an equalized valuation of

Hon. Peter Pasco, ex-state senator, present judge of probate court, died at his home in Marquette, Mich., last night, 66 years of age.

Food Commissioner Grosvenor at Detroit has sworn out warrants for persons selling colored butterine. The list includes many prominent dealers and manufacturers' agents.

MOUSTAPHA BEY DECAMPS. Recalled Turkish Minister Omits the Usu-

Washington, Sept. 29 .- Officials at the state department have been surprised to learn through private sources that doustapha Bey, the recently recalled Turkish minister, sailed for Constanti-nople from New York early last week. The secretary of state received about ten days ago a formal and exceedingly brief notification from the Turkish minister that he was about to proceed di-rect to Constantinople.

State department officials deny that State department officials deny that anything but the most cordial relations exist between the representatives of the two countries, but this denial is naturally weakened by the fact that Moustapha Bey in leaving this country omitted all the courtesies usual under such circumstances. His last visit to the state department occurred about the middle of June. The state department has not been informed as to the successor of Moustapha Bey. sor of Moustapha Bey. Fell from a Train.

New York, Sept. 29.—A man supposed to be B. Anderson, traveling from Chi-cago to Mamel, Switzerland, fell from

a West Shore railroad train near High-land Falls and was instantly killed. His body was found beside the railroad track Tuesday. Upon it were a gold watch and chain, \$132 in cash, some checks and steamship ticket. The passing from one car to the other and fell beneath the train.

Ghastly Find Near Kansas City. Kansas City, Sept. 29.—The headless and partly decomposed body of a man wab found near the mouth of an abandoned coal mine at Brush Creek, near here, Tuesday morning. A dog had carried the head into town, thus leading to investigation. No clews are obtainable. LUETGERT'S BUSINESS PARTNER

Tells What the Sausage Maker Did with His Barrel of Potash.

Chicago, Sept. 28 .- The leading event in the Luctgert trial yesterday was the evidence of William Charles, Luetgert's business partner. He explained why, as he claimed, the caustic potash in which the body of Mrs. Luetgert is al-leged by the prosecution to have been dissolved was bought. According to Charles story the potash purchased was as the principal ingredient of a quantity of soap to be used in cleaning up the factory preparatory to its sale. The witness said he suggested this method of putting it in shape himself, and that Luetgert, acting upon the suggestion, ordered a barrel of caustic potash, weighing 375 pounds, sent to the factory. On day before Mrs. Luetgert's pearance they prepared to make the "We put in three or four barrels of tallow and grease and other waste stuff lying around the factory—chops from the market," said he. He added that the soap was a failure, and that the water was turned on and

the mixture run into the sewer. Chicago, Sept. 23.—The battle between

the experts has begun, and from now on there will be denials thrown at the evidence of the medical and chemical wise men who testified for the state in the Luctgert case. The defense put its first witness in the expert line on the stand yesterday and he will be followed by a long string of others. The witness yes-terday was Dr. B. L. Reise, who boiled two bodies in caustic potash in the vat in Luetgert's sausage factory, and obtained results different from those who boiled bodies in caustic potash in be-half of the state; that is it was reported in the papers that experiments on bodies had been made by the state. If so—unless the state is saving a sur--the result was not what was desired, as the state offered no evidence of that kind. Its theory, however, is that Mrs. Luetgert's body was boiled in a solution of caustic potash for three hours, about, and thus disposed of.

TWO DEATHS IN NEW ORLEANS.

Yellow Fever Reports from the Infected Region-Case in Texas. New Orleans, Sept. 29 .- The board of health for the state of Louisiana announces the status of affairs in New Orléans as regards yellow fever to be a follows: During the twenty-four hours ended Tuesday, Sept. 28, at 9 p. m., there were-Cases of yellow fever, 19; Gentle 2; total cases to date, 17.; tell-

hours ended at 7 o'clock bust might inwere 13 new cases and I down

Edwards, Miss., S.pt.-Lacre was one death yesterday from yellow fever and 21 new cases, Six cases are serious. The situation here is growing undoubtedly

Mobile, Ala., Sept. 29.-New cases of yellow fever for the past twenty-four hours 10, and 1 death. Ocean Springs, Miss., Sept. 29.-Our

doctors are enjoying a much needed rest. Only four cases of sickness in the town, and two of these are nearly convalencent. Houston, Tex., Sept. 29.—There is a suspicious case of fever here, but it is strictly guarded.

Fights on the Isle of Cuba.

Havana, Sept. 29 .- It is officially announced that in an engagement be-tween Spanish troops and insurgents in the district of Santiago de Cuba the the district of Santago de Cuba the later lost thirty-two killed and forty-three men wounded. The insurgents re-cently attacked a Spanish convoy from Manzanillo to Bayamo. The engagement resulted in the Spanish losing thirteen men killed and twenty-seven wounded.

Negro Lynched by a Mob. Hawesville, Ky., Sept. 28.-Raymond Bushrod, a negro, who assaulted Miss Maggie Roberts, was taken from jail at 5 o'clock Sunday morning by a mob of 800 men and lynched. He was swung from a limb in the courthouse yard.

Patchen Lowers His Record.

Terre Haute, Ind., Sept. 29.—On the race track here Joe Patchen went to lower his record of 2:011/2, and paced the mile in 2:01%. He was at the quarter in 0:31%, half in 1:02, and the third in 29

FIVE MEN KILLED IN A MINE.

ack tramp Catches Them and Chokes Their Lives Out.

Scranton, Pa., Sept. 29.-Five men yesterday afternoon met a horrible death from "black damp," the after accumulation of a fire, in the Jermyn No. 1 mine. near Rendham. The dead are: Isaac Watkins, fire boss; William Tompkins, company man; Joseph Smith, company man; John Gallagher, company man; William Franklin, company man. The bodies of all but Watkins were discovered at 5:30 o'clock by a gang of men who went down into the mine with supplies for combating the fire. The remains of Watkins have not been found at this writing. Since last Tuesday the fire had been raging in the mine. The men who lost their lives represented one "shift."

one "shift."

They went on duty at 3 o'clock and nobody knew of their death until the discovery of the lifeless bodies. Not a man in
the party survived to tell the story. In
the case of each body the head pointed
toward the shaft, indicating that they
had groped and struggled toward the
shaft and fresher air, while suffocation
was overtaking them. was overtaking them.

Marion, Ills., Sept. 25,-At 7:15 yesterday morning one of the most terrible catastrophes that has ever occurred in the history of the county took place at the Williamson county coal mines, lo-cated at Johnston City. It seems that a quantity of gas had accumulated in an entry some 200 yards south of the big shaft during the night, and upon the arrival of the men who were to work at that particular place it was ignited from the lamps worn by the miners upon their caps. A short time after the descent of forty-five men into the earth a terrible explosion occurred, blowing the cage that was resting at the bottom of the shaftfifty feet upward, and sending a vol-ume of smoke and gaseous vapor whirling out of the mouth of the shaft,

The list of dead and wounded is as follows: Killed-Frank Farraro, imprisoned unknown, undoubtedly killed instantly. Fatally injured-G. Grietti, horribly burned; Peter Casper, burned internally, cannot live; Joe Barlow, 16 years old, left leg broken twice, right leg mashed, head cut, will die. Injured-Robert Britton, arm broken; M. Owens, arm and face burned; Dave Richmond, head badly cut; H. Smith, burned; Robert Richmond, bruised; J. Higgins, driver, cut on head and badly

LABOR CONVENTION MEETS.

Attendance Is Small and Debs Is the Only Leader Present.

Chicago, Sept. 28.-Eugene V. Debs was the only prominent labor leader present at Orpheus hall when the labor convention called by the conference held at St. Louis some weeks ago, was called to order, which was done by Debs himself, who made a conservative speech. E. M. Bannister, of St. Louis, was chosen for chairman and W. R. Carrick, of Pennsylvania, for secretary. A delegate in the front row moved that the secretary read the call to which this meeting was the response and that the delegates present might then hand in their credentials, after which ad-journment for dinner would be taken. On reassembling, he said, the conven-tion might take such action as it saw fit on the credentials. The programme

was carried out.

An incident showing the temper of the men occurred when a delegate rose some time after the conclusion of Debs' speech and asked him what was his authority for saying the Chicago Federation of Labor had withdrawn from the movement. Debs replied that he saw it in the papers. The questioner then gently rebuked the man from Terre Haute for placing such credence in the very papers he so cheerfully self joined, and then it was all a "closed

The afternoon session was taken up with approving credentials and listening to addresses on the best ways to ameliorate present conditions. Delegates are present from about half the states in the Union.

FATAL LAND SLIDE IN ALASKA.

Eighteen Packers Reported to Have Been Overwhelmed and Killed. Port Townsend, Wash., Sept. 25.-Master Nielson, of the tug Pioneer, says:

"Three men came to Skaguay beach on Monday night with a story to the effect that at Sheep Camp at 5:300 clock Monday morning a peculiar sound from the southwest side of the mountain was heard, and before the residents of the camp could fully dress they found themselves rapidly borne down the canon on a mass of moving debris from the moun-tain side. A majority of the residents of Sheep Camp escaped, although near-ly the entire village was destroyed.

The slide struck the town in the northern part, where nearly all the packers were quartered in tents and asleep. The main part of the slide from the mountain missed Sheep Camp proper, although from the report very of the town remains. The packers camp was wholly carried away and it is impossible to learn the names of the un-fortunates, although it is reported that seventeen men and one woman were swept away to death.

Meeting of Mayors and City Dads.

Columbus, O., Sept. 29.—It was nearly 3 o'clock when Chairman Black called the mayors and conuclimen to order yesterday afternon. There were twenty-seven mayors and fifty-one council men and women. A committee on permanent organization was appointed and speechmaking was then begun. The most notable of the addresses was by Mayor McVicar, of Des Moines, Ia., who spoke in favor of a wider municipal ownership.

Treasury Adopts McKenna's Views. Washington, Sept. 27.—The treasury department has adopted the views of the attorney general as expressed in his recent opinion on the question involved recent opinion on the question involved in section 22 of the new tariff act, and the collector of customs at Philadelphia has been informed that the cargo manganese ore, recently arrived at that port from Chile in a British vessel, was not subject to a discriminating duty of 10 per cent.

Ex-Secretary Robeson Dec Trenton, N. J., Sept. 28.—Ex-Secretary of the Navy George M. Robeson died yesterday at his home in this city.Robeson was 69 years old, and had been in failing health for several months. In June, 1869, he was made secretary of the navy. He served in this office until the end of President Grant's second term, **GETTING READY** 

Every expectant mother a trying ordeal to face. If she does

of uncertainties if Nature is not given proper assistance.

Mother's Friend is the best help you can use at this time It is a liniment, and when regularly applied several months before buby comes, it makes the advent easy and nearly pain tess. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, short-

ens labor, makes recovery rapid and cer-tain without any dangerous after-effects. Mother's Friend is good for only one ourpose, viz.: to relieve motherhood of
